BACKGROUND and LEGISLATION

BACKGROUND

Compliments are expressions of praise, encouragement or gratitude about service, staff, management and program. Compliments provide valuable feedback about the level of satisfaction with service delivery and are a valuable indicator of the effectiveness of a service. Compliments impart useful insights about the aspects of service that are most meaningful to children, families and stakeholders, and provide an opportunity to recognise the efforts of staff, foster a culture of excellence and boost morale.

Complaints may be received from anyone who comes in contact with the service including parents/guardians, volunteers, students, members of the local community and other agencies.

In most cases, dealing with complaints and grievances will be the responsibility of the Approved Provider. All complaints and grievances, when lodged, need to be initially assessed to determine whether they are a general or a notifiable complaint (refer to *Definitions*).

When a complaint or grievance has been assessed as 'notifiable', the Approved Provider must notify VECRA of the complaint. The Approved Provider will investigate the complaint and take any actions deemed necessary, in addition to responding to requests from and assisting with any investigation by VECRA.

There may be occasions when the complainant reports the complaint directly to VECRA. If VECRA then notifies the Approved Provider about a complaint they have received, the Approved Provider will still have responsibility for investigating and dealing with the complaint as outlined in this policy, in addition to co-operating with any investigation by VECRA.

VECRA will investigate all complaints it receives about a service, where it is alleged that the health, safety or wellbeing of any child within the service may have been compromised, or that there may have been a contravention of the *Education and Care Services National Law Act 2010* and the *Education and Care Services National Regulations 2011*.

- inform the complainant of the service's *Compliment and Complaint Policy*
- encourage the complainant to resolve the complaint with the person directly, or to submit their complaint in writing
- the staff member receiving the formal complaint will advise the Centre Manager / Director who will notify the Early Years Manager within 24 hours. If the complaint relates to the Centre Manager / Director or Early Years Manager, the complaint will be escalated to the next person in the line of management. SCECEC Management will record all relevant details in the Complaints Register (*refer to Definitions*) together with all relevant information and the outcome
- The Early Years Manager will assess complaint for severity, safety, complexity, impact and the need for immediate action and telephone the complainant to discuss

- If required the approved provider will appoint an investigator(s) Quality and Compliance Manager to investigate the matter
- the investigator will assess the complaint to determine if it is a notifiable complaint (*refer to Definitions*)

DEALING WITH A NOTIFIABLE COMPLAINT

When a formal complaint is lodged with the service:

- if the complaint is notifiable, the Early Years Manager will be responsible for notifying VECRA. This must be in writing within 24 hours of receiving the complaint (*Regulation 176(2)(b)*)
- the written report to VECRA needs to be submitted using the appropriate forms from ACECQA and will include:
 - details of the event or incident
 - the name of the person who initially made the complaint
 - if appropriate, the name of the child concerned and the condition of the child, including a medical or incident report (where relevant)
 - contact details of a nominated member of the Complaints Subcommittee/investigator
 - any other relevant information
- if the approved provider is unsure if the complaint is a notifiable complaint, it is good practice to contact VECRA for confirmation.

COMPLAINTS INVESTIGATOR RESPONSIBILITIES AND PROCEDURES

In the event of a complaint being lodged, the Complaints investigator will:

- deal with the complaint in a timely manner
- consider the nature and the details of the complaint
- identify which service policies (if any) the complaint involves
- inform the approved provider if their involvement is required under any other service policies

- if the complaint is a notifiable complaint (*refer to Definitions*), inform the complainant of the requirements to notify VECRA of the complaint and explain the role that VECRA may take in investigating the complaint
- maintain appropriate records of the information and data collected, including minutes of meetings, incident reports and copies of relevant documentation relating to the complaint
- respect the confidential nature of information relating to the complaint. The approved provider and the subcommittee/investigator must handle any complaint in a discreet and professional manner
- store all written information relating to complaint securely and in compliance with the service's *Privacy and Confidentiality Policy*.

INVESTIGATING THE COMPLAINT AND GATHERING RELEVANT INFORMATION

When investigating the complaint and gathering relevant information, the Complaint investigator will:

- meet with individual witnesses, and give right of reply to the person against whom the allegations are made in relation to any accusation or information relating to an alleged incident
- offer the complainant the opportunity of meeting with the subcommittee/investigator to discuss the complaint and provide additional information where relevant
- document the time, date and detail of meetings/discussions, and follow this up with a letter to the complainant outlining the information discussed
- be available to meet VECRA staff, if required, and provide additional information as requested
- review relevant information and documents
- obtain any other relevant information or documentation that will assist in resolving the complaint
- seek advice, where appropriate, from individuals and organisations that may be able to assist in resolving the complaint (any cost in seeking advice will require prior approval by the approved provider).

FOLLOWING THE INVESTIGATION

Once the investigation of the complaint is complete, the Complaints investigator will:

- meet to discuss the information gathered and determine further action, including generating recommendations to be presented to the approved provider
- ensure that any recommendations or actions are in accordance with relevant legislation and funding requirements including, but not limited to:
 - *Education and Care Services National Law Act 2010*
 - *Education and Care Services National Regulations 2011*
- The Kindergarten Guide (*refer to Sources*) report outcomes that may include relevant information gained in investigations and consultations to the approved provider and, where required, provide any recommendations for consideration by the approved provider
- inform the approved provider on the involvement of DE and the outcomes of any investigation by VECRA. The approved provider will review the report and any subcommittee/investigator recommendations and will be responsible for making decisions on the action to be taken (if any), including relevant review mechanisms
- advise the complainant and other relevant parties of any decisions made by the approved provider in relation to the complaint
- follow up to ensure the parties involved are satisfied with the outcome and monitor progress on any actions taken by the approved provider.

Conducting Investigations Involving Children and Young People

- Complaints affecting children are properly investigated and their rights are safeguarded throughout the investigation process.
- A specific plan is developed for involving a child in the investigation and adjusted as necessary throughout the investigation. Plan makes clear how child safety and wellbeing will be prioritised.
- Where possible, one person should be identified to be responsible for liaising with the child or young person throughout the entire process. This person may or may not be the investigator, but it should be someone appropriate and trusted by the child.
- Regardless of whether or not an external investigator is appointed, the service will be involved in key aspects of the investigation process, such as making final determinations, risk management, communicating with stakeholders and supporting the child or young person.
- Always consider obtaining a version of events from the affected child. Also consider whether there is the potential for an interview to have any adverse impact. The child's parents, carer or guardian should be consulted unless there are good reasons not to do so.
- Conduct a pre-interview assessment to gather information about the child's support needs.
- Prepare a plan for interviewing the child and identify their support needs, including any support with communication.
- Build and maintain rapport with children during the interview; encourage them to provide an explanation of what happened in their words.
- Investigations into complaints involving children need to be planned, fair, proportionate and thorough, with findings supported by the available evidence.
- Decide what actions should be taken following the investigation.

Managing Risks – Complaints and Incidents

- Service has a clear understanding of the potential risks to children, identifies and assesses risks with specific services and activities they deliver, and develops a plan to prevent risks from occurring.
- A risk management plan or strategy is tailored to suit the service's operating context and accounts for possible risks in both physical and online environments.
- Risk management plan includes staff responsibilities and priorities in identifying, mitigating and responding to risks that may arise in relation to complaints.
- Service listens to what children have to say about what makes them feel safe and unsafe in the organisation, what they like and do not like, and how things could be better. This informs the development of a risk management plan.
- Staff and volunteers identify risks posed to children and understand they need to act immediately to address them.
- Service monitor and reassesses risks to children (including their ongoing support needs) and all other identified risks throughout the investigation and complaint-resolution process.
- Service is aware of the type of risk management action that may need to be taken when a complaint involves a staff member, volunteer or another child or young person at the organisation, e.g. a staff member may need closer supervision, or to be removed from having any direct contact with children and young people, or to be stood down from their role.

- Parties to a complaint—including the affected child or young person—know what action has been taken in relation to the subject of the complaint to manage risks during the investigation of the complaint.
